

2023 2nd Quarter Newsletter

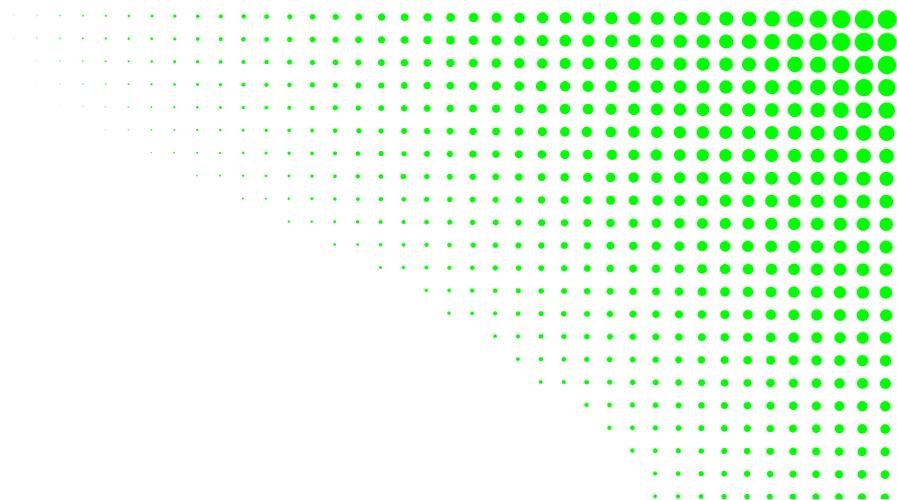

OUR VISION

A Nigeria where all homeless youngsters have access to nurturing and loving spaces where they can express themselves, practice freedom, and develop their potential as an alternative to ending up on the street. Foundation

OUR MISSION

Providing an alternative learning space that allows homeless youngsters to jump back into society having gotten the rightful skills needed to excel in any sphere of human endeavour they might have chosen to pursue.

FROM STREET TO SCHOOL

Participants from our January outreach program, who were initially taken off the streets, have successfully returned to school. In our previous newsletter, we highlighted our street football program that will allow us to give scholarships to homeless youngsters that may be willing to leave the street. The participants that were taken have been rehabilitated and some of them have chosen to return to school, while some others opted for vocational skills

AKHIN SKILL TRAINING

We had the privilege of hosting a group of Corps members from Obafemi Owode Local Government in Ogun State, Nigeria. They visited our center in Ibafo on May 31, 2023, to teach our participants the art of peanut making and graphics design. The training proved to be highly beneficial as the participants acquired new skills. Since then, they have been able to independently produce peanuts, thanks to this valuable opportunity.

THE GIRL CHILD EDUCATION

At AKHIN, we consider girl child education to be of utmost importance, and we prioritize it without compromise. Currently, we have five girls enrolled in our center who are in JSS 3 (Junior Secondary School, Grade 9). These girls demonstrate exceptional dedication and motivation, as they understand the value of education and the lost time they have experienced while being on the street. They are determined to make the most of their opportunity and are doubling their efforts to catch up academically.

VOCATIONAL SKILL

One distinctive aspect of AKHIN is our commitment to helping individuals discover their passions and providing support for pursuing them. This philosophy is evident in the diverse range of choices available to our participants, allowing them to select their preferred paths. Those who express interest in vocational skills are provided with ample opportunities for learning.

Through this message, we kindly appeal for your support in donating tools to enhance our AKHIN vocational training program. Your contribution will have a significant impact on the participants, particularly those above 18 years of age, by granting them the means to generate income and secure dignified employment. Your assistance will go a long way in empowering our participants and enabling them to achieve sustainable livelihoods. To donate see our details bellow.

UP-COMING PROGRAM

AKHIN vocational training centre in Oyo Town will serve as an alternative learning space for homeless youths who lack education and skills, often leading them to engage in criminal activities, join cults, or fall victim to various social challenges. To address this pressing issue, we have developed a comprehensive program that offers vocational training and entrepreneurship skills.

We are excited to announce that we are set to launch this project in August. Our centre is fully prepared to welcome and train these youths. However, we are in urgent need of vocational tools to ensure the success of this initiative.

Your generous support in providing vocational tools for tailoring, hairdressing, woodwork, plumbing, shoemaking, bricklaying, cake making, painting, electrical work, and phone repair would be immensely appreciated. These tools will empower the participants and equip them with the necessary resources to embark on a sustainable career path.

To donate, please refer to the organisation's account details below or contact us directly. Your contribution will play a vital role in transforming the lives of these young individuals and fostering a brighter future for our community.

Zenith bank

Thank you for your consideration and support. Together, we can make a significant difference in the lives of these vulnerable youths and create a positive impact in our society.

AKHIN BACK TO SCHOOL SPONSOR

We are seeking scholarships for ten participants at AKHIN. With a donation of 100 dollars, you can make a significant impact by sponsoring a child to school for one term. This scholarship will cover essential items such as a school uniform, shoes, a school bag, textbooks, exercise books, and daily school meals. Your generous contribution will enable these children to access quality education and create a positive trajectory for their future. To provide a scholarship, please refer to the account details below. For further inquiries or to discuss your donation, please reach out to us using the contact information provided.
