

AKHIN THIRD QUARTER NEWSLETTER 2025

Our Vision

An Africa where every youngster has access to alternative learning spaces to discover, develop, and explore their potential.

Our Mission

To create an inclusive learning spaces for street and out-of-school youngsters in Africa, empowering them through rehabilitation, education, and vocational training to break the cycle of poverty

The Problem We Are Solving

The harsh reality of street life and the growing number of out-of-school youngsters expose them to abuse, disease, addiction, and crime. Stigma and exclusion rob them of opportunity, trapping them in cycles of poverty with no access to education, support, or a pathway to a better future.

WHEN THE HOMELESS DECIDED TO BUILD THEIR HOMES

I once dreamed of a village where the homeless could come together, build their own homes, and create a community of hope. When I shared this dream with some of our participants, their eyes lit up: "This is a good idea, I want to be part of it," they said.

We had no land, not even a single plot to start with, but we held on to hope. Then in 2024, O'Shaughnessy Ventures Fellowship believed in our story and gave us \$10,000. We put it to work, and in 2025, they entrusted us with a full fellowship grant.

Today, that burning dream is becoming real: AKHIN Village, a community built by the homeless for the homeless, where they can discover, develop, and explore their talents.

But we are not there yet. We still need to build our training space, sports arena, and farming equipment is needed for a sustainable system. Would you want to be part of this project?

SPORT THE KEY TO SUSTAINABLE IMPACTS

Now, we want to do more. Sport is more than play for us; it is a powerful tool for change.

Through sport, our participants learn discipline, life skills, and coping strategies. It helps them heal, overcome stigma, and find a place in an inclusive society.

This year alone, we reached over 50 youngsters through our street sports outreach. We have seen real behavioural change and stronger commitment to learning among them.

With your support, we can develop a sports facility at AKHIN Village and reach 180 homeless youngsters every year. Together, we can give them the chance to grow, belong, and thrive.

AKHINS ARE BACK TO SCHOOL

At AKHIN, we believe that every child deserves a second chance, not just to survive, but to learn, grow, and thrive. After rehabilitation, each youngster in our care makes a choice: some decide to return to school, while others choose to pursue vocational skills. But one thing remains non-negotiable—every child must learn to read, write, and acquire basic numeracy skills.

For those who choose formal education, we support them in re-enrolling, from primary school up to university level. For those who prefer vocational training, we ensure they are equipped with literacy and numeracy first, so they can confidently proceed in their chosen path.

So far, we have successfully reintegrated youngsters across different levels of education—from university down to primary school, proving that no dream is too small, and no future is out of reach.

Thanks to:

Friends of Nigeria (www.friendsofnigeria.org)

umverteilen(www.umverteilen.org) and

Individuals who sponsor one or more children.

With more support, we can expand this program and give even more homeless children the gift of education and a future filled with hope.

AKHIN FARMING AND VOCATIONAL TRAINING

These projects are made possible by:

Friends of Nigeria (www.friendsofnigeria.org)

Luena Foundation (<https://luena.org>)

AKHIN FUTURE VILLAGE

OUR FUTURE INCLUSIVE HOME

Thanks to generous support from the OSV Foundation and individual contributions during the founder's visit to Europe. This funding was allocated to develop a sustainable community on a 37,000-square-meter piece of land.

The vision for this community is to foster sustainability and self-reliance. We aim to:

- Generate 70% of the food consumed within the community.
- Produce 60% of our electricity through renewable energy sources.
- Provide 100% of the community's water needs as clean and drinkable.

The village is designed to accommodate a maximum of 200 residents, including both physically able and disabled participants who are homeless and in need of shelter.

The primary purpose of this community is to offer a safe space for self-development, empowering residents to rebuild their lives and achieve independence.

SUPPORT AKHIN VILLAGE – BUILD A FUTURE

We are committed to creating a safe, sustainable space for street children, but we can't do it alone. Your donations will help us construct AKHIN Village, provide essential training, and give these youths a chance at a brighter future.

How You Can Contribute:

\$10 can buy 30 clay bricks to help build shelter.

\$50 can support a child's education and training for three months.

\$100 can fund vocational tools for skill development.

Your support makes a world of difference!
